

DESKRITE 100

The high quality, affordable introduction to active working.

Sit-stand platform

Instantly convert any surface into a sit-stand desk with the stylish DeskRite 100. Simply pull the levers to move the dual-level surface to your desired height - whether sitting or standing, and enjoy a sturdy, ergonomic, topple-resistant surface for your monitors, devices and documents.

The DeskRite 100 extends vertically, rather than pulling forwards, resulting in a more streamlined, compact sit-stand solution that does not impede work space.

If you're looking for a simple, low-cost way to burn more calories, keep active and boost your concentration and productivity levels at work - try the DeskRite 100!
